**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments with respect to claims 33-64 have been considered but are moot in view of the new ground(s) of rejection (i.e., election restriction).

***Election/Restrictions***

2. Newly submitted claims 33-64 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claims presented were drawn to a method of operating a search application via a networkable media in a wireless client device comprising searching for information and storing search data entered by a user in a file associated with the user. The present claims are drawn to a method for displaying content on a wireless client comprising storing forms associated with one or more applications and storing style sheets associated with the wireless client device and wherein the user is later allowed to access the form and style sheets.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 33-64 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Conclusion***

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
